### 2<sup>nd</sup> April Volleyball Match

Indus International University recently organized its much-awaited Inter-Departmental Volleyball Tournament in which five teams from various departments of the University—Computer Science and Engineering (CSE), Pharmacy, Management, Humanities and Applied Science—participated. The tournament was a great example of the power of sports, team spirit and solidarity. Amidst stiff competition, the CSE team won the championship of the tournament while the team from the Department of Pharmacy won the runner-up title. Both the teams displayed excellent game, making the matches even more exciting. Dr. Sanjay Kumar Bahl, Vice Chancellor, and Dr. Jagdev Singh Rana, Registrar, were present at the tournament along with other senior faculty members of the University. They encouraged the students during the match and explained the importance of sports. Dr. Bahl said, "Participation in sports promotes physical and mental development of students, which also helps them in their academic life." Organizing this exciting tournament was an important occasion to promote unity and cooperation among students in the University. The trophy was awarded to the CSE team, while the Pharmacy team was awarded as the runner-up. Such events at Indus International University are proving to be helpful in the all-round development of the students, and more such events are expected in the future, which will give students an opportunity to excel not only in academics but also in sports activities.

### **Industrial Visit of CSE department**

A group of students of Indus International University, Bathu went on an exciting industrial visit to Excellence Technology, Mohali. The visit provided the students a unique opportunity to explore cutting edge technologies in IT, AI and emerging areas, thereby bridging the gap between academic studies and real industry practices. Vice Chancellor Dr. Sanjay Kumar Bahl and Registrar Dr. Jagdev Singh Rana at the event wished the students all the best for their future endeavours. Both leaders emphasized that such industrial experience plays a vital role in keeping students competitive in today's fast-changing job market. Dr. Bahl said that the visit was an essential part of the students' educational journey, while Dr. Rana pointed out that such experiences help students develop industry-relevant skills, which are crucial in shaping their careers. This educational tour provided the students with an opportunity to gain deep insight into advanced areas such as software development, networking, cyber security, digital marketing and artificial intelligence, allowing them to learn first-hand from industry professionals. This experience reinstated the importance of practical learning and helped build connections with potential future employers. Such tours help students develop confidence, critical thinking and problem-solving skills, which they need to succeed in a technology-driven world.

### **Industrial Visit of Pharmacy Department**

The Pharmacy Department students of Indus International University recently visited Haustus Biotech Pvt. Ltd., Tahlival, to gain valuable insights into the pharmaceutical industry. Organized with the aim of providing practical experience, the visit was attended by both students and faculty members. The staff at Haustus Biotech facilitated the visit by answering the students' questions and sharing their expertise. During the visit, the students learned about various aspects of drug manufacturing, quality control, and drug testing. They had the opportunity to explore Haustus' advanced laboratories and production units, observing firsthand the production and testing processes. Experts from the company discussed the challenges and opportunities within the pharmaceutical sector, helping the students connect classroom theories to real-world practices. The experience proved to be immensely valuable for the students, offering them a deep understanding of industrial processes and latest trends in pharmaceutical research. It also provided a glimpse into the future of the industry, motivating the students to advance in their careers. The visit was described as an unforgettable experience that enhanced their academic knowledge and practical skills, marking an important milestone in their professional development. The students left with new perspectives on their future in the pharmaceutical sector. This visit reinforced the importance of integrating academic learning with industry exposure for professional growth.

## 21<sup>st</sup> April Throw-ball Competition

The Inter Department Girls Throw Ball Competition at Indus International University, Bathu, was a thrilling event that energized and motivated students. Organized to promote all-round development and encourage participation in sports, the competition saw

enthusiastic teams from the Management, Computer Science, Applied Sciences, and Pharmacy Departments. Their organizational skills and fair play contributed to the event's success. After several exciting rounds, the final match featured the Management Department and the Pharmacy Department. Both teams showcased remarkable sportsmanship, but the Management team triumphed, clinching the title. The winning players captivated the audience with their coordination, accurate throws, and powerful game play. The Pharmacy team also put up a tough fight and displayed exceptional sportsmanship. Dr. Sanjay Kumar Bahl, the Vice Chancellor, emphasized the importance of sports for mental and physical growth, linking it to women empowerment and confidence-building. Registrar Dr. Jagdev Singh Rana highlighted the role of sports in developing discipline, leadership, and teamwork. The competition not only celebrated athleticism but also symbolized the spirit and unity of the female students, proving they excel in both education and sports. This event also helped foster a sense of camaraderie among the departments, strengthening bonds beyond academics. The students left feeling more confident, motivated, and proud of their achievements, setting the stage for future competitions.

## 21<sup>st</sup> April FDP @ IIIT Una

The Faculty Development Program (FDP) on Innovation and Entrepreneurship, organized by AICTE and the Ministry of Education's Innovation Cell, took place from April 21–25,

2025, at the Indian Institute of Information Technology (IIIT) Una. It brought together experts, educators, and entrepreneurs to foster an entrepreneurial ecosystem within academic institutions. The program commenced with a keynote by Dr. Rishi Mohan Bhatnagar, highlighting India's need for indigenous tech innovation and self-reliance through platforms like Bharat OS and BharatGPT. Subsequent sessions delved into lean start-up methodology, intellectual property rights, customer discovery tools, and financial planning for start-ups. Speakers like Dr. Prerna Gaur and Dr. Tanu Wadhera emphasized the role of academia in mentoring, research commercialization, and aligning with industry needs. Interactive workshops on empathy mapping, Business Model Canvas (BMC), and start-ups simulations offered participants hands-on entrepreneurial experience. Ankush Barjata's journey with Deeva Sarees inspired attendees with real-world challenges and strategic execution. The FDP concluded with a visit to the incubation center and a certificate distribution ceremony, celebrating a week of intense learning and collaboration. This initiative successfully empowered educators to cultivate innovation-driven mindsets among students.

### **Quiz Competition**

Indus International University recently organised an Interdepartmental Current Affairs Quiz Competition to promote awareness and understanding of current events among students. The competition proved to be an engaging and intellectually stimulating contest,

featuring participants from various departments. Four teams, each comprising three students from different departments, competed in the quiz. The questions spanned a wide range of topics, including national and international events, government schemes, sports, awards and appointments, scientific advancements, and economic and political developments. The event featured multiple rounds, such as rapid fire, buzzer round, and case study-based questions, designed to test the participants' knowledge, presence of mind, and analytical abilities. After a closely fought contest, the team from the Management Department secured the first position. The Computer Science and Engineering (CSE) Department claimed second place, while the Pharmacy Department team came in third. Vice Chancellor Dr. Sanjay Kumar Bahl graced the occasion and addressed the students, emphasizing the importance of staying informed in today's dynamic world. He remarked that such competitions boost both knowledge and critical thinking. Registrar Dr. Jagdev Singh Rana also congratulated the participants and encouraged broader student involvement in such initiatives, highlighting their role in holistic student development. The quiz was not just a knowledge contest but a celebration of teamwork, collaboration, and learning.

### **Joyful Birthday Moments**

Indus International University recently came together to celebrate the birthday of one of its most cherished staff members—Miss Gurdeep Kaur, the university's dedicated receptionist. Known for her ever-welcoming smile, professionalism, and helpful nature, She plays an essential role in maintaining the university's front desk and creating a warm, organized atmosphere for students, staff, and visitors alike. The celebration took place at the university premises with heartfelt participation from faculty, administrative staff, and students. The event began with the ceremonial cake-cutting, followed by warm wishes, flowers, and a small token of appreciation presented to her by the university management. The gathering was filled with joy, laughter, and gratitude, recognizing the hard work and positivity She brings to the workplace every single day. Her ability to connect with everyone and maintain composure under pressure has made her a beloved figure on campus. Her unwavering dedication and cheerful demeanor continue to inspire everyone around her. Moments like these strengthen the sense of community and belonging that define Indus International University. Vice Chancellor Sir and Registrar Sir both extended their best wishes, appreciating her commitment and continued service to the university. The event concluded with a group photograph and refreshments, leaving everyone in high spirits.

**Indus International University wishes Miss. Gurdeep Kaur a year full of happiness, good health, and continued success.**

## Cadets Achieve Excellence

### Indus International University Cadets Shine with Alpha Grading in NCC C Certificate

Indus International University has proudly announced the outstanding achievement of its NCC cadets, who have earned the prestigious Alpha Grading in their Army NCC C Certificate examinations. This accolade, representing the highest standard of excellence, was awarded to three remarkable students: Ms. Jaspreet Kaur, Mr. Aryan Bhatia, and Mr. Mohit Kumar. This recognition is a moment of immense pride and joy for the university. The dedication, discipline, and perseverance displayed by these cadets exemplify the values of commitment and hard work. Their success not only brings individual honor but also adds glory to the name of Indus International University. The university community extended heartfelt gratitude to Registrar Sir, Vice Chancellor Sir, and Mr. Balbir Singh Sir for their unwavering support and guidance. Their mentorship played a vital role in shaping the cadets' journey and fostering an environment conducive to excellence. This milestone serves as a reminder of the strength and capability within the student body. It is also a call to continue striving for greater heights, strengthening the university's commitment to producing well-rounded individuals prepared to serve the nation. As the university celebrates this proud moment, the spirit of nationalism and determination echoes through the words: **Jai Hind!**

**Heartiest congratulations to our exceptional NCC cadets for their remarkable achievement and unwavering dedication!**

### In Loving Memory

With deep sorrow, Indus International University mourns the passing of Mrs. Celine Raphael Neelankavil, beloved mother of Mr. John Neelankavil, Secretary of Kartha Education Society. She was a woman of grace, strength, and compassion, whose life was a source of love and inspiration to all who knew her. Her nurturing spirit and enduring values live on through her family and the many lives she touched. She will be

remembered for her kindness, resilience, and unwavering faith. We extend our heartfelt condolences to Mr. John Neelankavil and his family during this time of profound grief. The Indus International University family stands in solidarity with them, offering strength, support, and prayers for comfort and peace. As we remember her with love and reverence, we also celebrate the life of a remarkable soul whose warmth and wisdom will continue to guide those she leaves behind. Her legacy of compassion and dignity will remain etched in the hearts of all who had the privilege to know her.

**"When someone you love becomes a memory, that memory becomes a treasure."**

May her soul rest in eternal peace, and may the family find solace in the outpouring of love and prayers surrounding them.
